WAXES
Special water-resistant waxes coat each strand or fiber of wood for enhanced durability in rainy, humid environments.

RESIN-SATURATED OVERLAY
Offers the final layer of protection against the elements, a resin-saturated overlay resists moisture intrusion while providing a durable base for quality paint adhesion & beauty.

ZINC BORATE
Engineered wood products treated with zinc borate have been proven to effectively resist damage from termites & fungal decay.

ADVANCED BINDERS
Industrial-grade binders and resins offer incredible strength to resist impact damage from everyday airborne objects such as hail, sticks and golf balls.
